

Self-Inspection to Identify Hazards & Safety Training Needs

1 Who Should Attend . . .

This program is a must for anyone concerned about health and safety on the job including:

- ▶ Managers concerned about liability and workers' compensation costs
- ▶ Employees who want to learn proper techniques for protecting their safety and health at work
- ▶ Business owners who want to learn about compliance with MIOSHA

2 Why you need this Seminar . . .

- ▶ To reduce disabling injuries and illnesses to employees - and to ensure that every worker goes home safe and healthy every day.
- ▶ To reduce the high direct costs of work-related injuries, which grew to \$42.5 billion nationally in 2000, and indirect costs, which were estimated at an additional \$127 - \$212 billion in 2002. (*2003 Liberty Mutual Safety Index*.)
- ▶ To enhance your company's bottom line. A strong safety and health commitment not only protects workers, it also reduces worker's compensation costs, improves employee morale, and increases production and quality.

3 What You'll Learn . . .

This program stresses the importance of inspection programs in order to comply with MIOSHA Standards, as well as uncover other real hazards not addressed by regulation. Common workplace hazards, as well as effective control methods and measures, are examined.

Agenda

We offer a flexible program agenda to emphasize the topics you want most.

- ▶ Identify Common Safety Hazards Throughout Workplace
- ▶ Understand Methods of Creating a Safe Work Environment.
- ▶ Prevent Lower Back Injuries

Facilitator

Debra Gundry has been with the State of Michigan since 1979. She is a graduate of Michigan State University and joined the Consultation Education and Training Division as a MIOSHA consultant in 1992. Debra provides services for the Lansing area including Shiawassee, Clinton, Ionia, Ingham, and Eaton counties.

Debra's duties include consultative services to establish a company or organization's safety program; and planning and conducting training programs for management, trainers, supervisors, and employees regarding the Michigan Occupational Safety and Health standards. She serves on several CET committees.

Presenters: Deb Gundry, Occupational Safety Consultant, MIOSHA CET Division, and David Humenick, Industrial Hygienist, MIOSHA CET Division
